

Everything in its perfect place.
Everything within reach. **Easy to use and enjoy.**

The fittings inside the kitchen units have a lot to say about whether you're going to enjoy cooking or not. If you have fast, direct and easy access to all the contents of all the kitchen units, then kitchen work becomes smooth, efficient and far more enjoyable. This is ultra-important for corner units, which offer a lot of space but are often very difficult to access. One brilliant solution to this problem is the LeMans swing-out corner unit fitting from Kesseböhmer. A light touch swings the LeMans trays out of the corner individually, until they come to a stop with the contents right out in front of the unit. You can check the whole contents at a glance and easily reach any item you want.

You'll certainly enjoy the aesthetic qualities of the LeMans fitting and the elegant movement sequence. The fluid sequence of movements is precisely defined and controlled by the fitting technology. It combines two types of movement – turning and swinging. The trays glide right out of the unit and back again in a series of supremely light and easy movements. The shape of the trays has been optimised to blend light and easy movements with a maximum of storage area. The flowing, asymmetrical curves make people think of the well-known race track in France – hence the name.

Easily loaded from the top, LeMans is the only corner cabinet solution to combine an extremely high degree of space utilisation with perfect overview, with the shelves swinging completely out of the cabinet. Not only will all pots and pans find their place – but every one of them can be reached easily.

Each LeMans shelf can be moved independently from each other enabling easy access, and can take a load bearing of up to 20kg.

Experience the design every time you reach for a pot or pan. The LeMans design was awarded the Red Dot Design Award in 2005 for outstanding design achievements.

reddot design award

(The Red Dot Design Award is one of the most highly prized and globally recognised seals of quality for outstanding design achievements.)

Sheraton Kitchens include great design ideas, not just on the outside but on the inside too.

Kesseböhmer storage solutions provide stylish, practical and functional solutions providing better organised and easier access to storage space.

In addition to brilliant functionality, Kesseböhmer storage solutions stand for exclusive design and a high quality finish. Internal cabinet space is used more efficiently than conventional systems, helping you get the most out of your Sheraton kitchen. Kesseböhmer stands for unparalleled user comfort and for a level of quality that sets standards worldwide. Sheraton units are supplied with Kesseböhmer storage solutions pre-fitted, saving you time and money when installing (excludes Revolving Carousel Unit which is supplied ready-to-assemble as this is too large to supply rigid).

- 'SoftStopp' soft close action available on pull-out base units and larder units, incorporating Kesseböhmer storage solutions
- Solid bottom shelves available
- Greater load bearing capacity than conventional solutions
- Greater level of usable space due to square edges on baskets

1. Pull-out towel rail 2. Pull-out storage 3. Pull-out tray space 4. Breakfront pull-out storage 5. Magic Corner Unit
6. Pull-out larder storage 7. Pull-out swing larder storage 8. Tandem larder storage 9. ¼ Carousel Unit
10. Revolving Carousel Unit

Essential ACCESSORIES

Sheraton kitchens are as practical as they are beautiful and a range of functional accessories are available, especially designed to allow you to customise your kitchen to your exact needs.

← CUTLERY TRAYS

A wide range of cutlery trays and utensil dividers are available in either a plastic or luxurious oak or beech finish. Combinations of trays and dividers are used depending on the width of the drawer and your Sheraton retailer will be able to advise you on the possible combinations.

PAN DRAWER ACCESSORIES →

Plates and crockery can be held securely in place with either oak or beech inserts. Removable storage boxes in oak or beech can also be an effective way of storing kitchen sundries.

Accessories are photographed with a clear door and/or drawer front to show the full specification of the item inside.

PULL-OUT STORAGE UNITS

Neatly and discreetly arranged behind the door, a number of pull-out storage options are available, including internal drawers and wirework.

1. Pull-Out Breakfront Unit
2. Pull-Out Storage Unit
3. Pull-Out Unit with Internal Drawers
4. Base Unit with Internal Drawers

RECYCLING WASTE BINS

To assist you with being environmentally friendly, we have a selection of recycling bins, allowing you to easily and safely separate and dispose of unwanted kitchen waste.

STORAGE SOLUTIONS

Storage should be both stylish and practical. Traditional wicker baskets not only look good they are a great place to keep fruit and vegetables. On the inside, we really have thought of everything. Below are a few hidden secrets but visit your Sheraton retailer to see more clever ideas that will make your kitchen function beautifully.

Wicker Storage Baskets

Base Unit with Tray Space and Pull-Out Towel Rail

Base Unit with Drip Tray Protector

Pop-Up Socket with 2 USB Charge Points

LIGHTING & SHELVING

Modern lighting is an important feature within the design of your kitchen. Our extensive range offers a wide variety including the very latest styles and lighting options.

Surface mounted LED downlight

Fluorescent triangular under light

Fluorescent surface/recessed downlight

LED Glass under cupboard light

Internal drawer lighting

Plinth light

Plinth light

LED swan neck cornice light

Swan light

Grace lighting

Arrezzo lighting

Touch sensor switch

Door sensor switch

Glass shelf and bracket

Edge lit glass shelf

Box lit shelves

Square shelf bracket

Reflective glazed unit (day)

Reflective glazed unit (night)

Inside wall units or flap units with no ventilation under cupboard lights should be used instead of low voltage down lights.

GRASS NOVA PRO

THE COMPLETE DRAWER SYSTEM WITH PRECISION AND INDIVIDUALITY

A quality kitchen needs to have quality built-in. Sheraton kitchens feature the Nova Pro drawer system from Grass, one of the world's leading suppliers of quality drawer systems.

A complete range of drawer systems are available - designed to provide functional storage solutions, combined with the Airmatic soft-closing action and other practical benefits.

Your Sheraton kitchen is provided with all drawers pre-fitted, saving you time and money on installation.

Accessories

FEATURES AND BENEFITS

- Airmatic soft closing system - using air as the operating medium to provide reliable cushioning and ensuring hygiene in the kitchen with no fear of fluid leakage (e.g. such as oil used in other systems)
- Full extension drawer runners allowing full access
- 40kg load bearing capacity as standard (more than conventional systems)
- Twin walled, metal-sided drawer box with straight internal sides to provide more storage space and better compatibility with accessories such as cutlery trays
- Easy cleaning! The flat internal sides and tool free removable drawer front assists with cleaning and hygiene
- Nova Pro drawer boxes can be removed and replaced in one easy movement - no tools, no hassle
- Solid 16mm bottom and back panels to provide rigidity, stability and reliability
